Dear Saito, Okenmoto and Kawai

Thank you for fighting me online debate.

I was glad that I can fight with you.

I want to talk to you more.

We can study english hard by working hard together.

I thought that I don't want to lose to Asuka's students.

But, it's not about winning or losing, it is important to communicate a lot.

Thanks to the Asuka's students, we went up English skills.

In the past exchanges, what did you enjoy most?

I enjoyed online debate the most!!

The preparation was very difficult, but we can talk and good at english.

I want to do it again with Asuka's student!

We are examinee, so we are busy studying for an exam.

I think that continuation is power!!

So, I want to study very hard everyday and pass the exam.

Let's do our best together! You can do it!!

I'm looking forward to the next online.

From Kato Himeka

Dear Ayaka and Akihiro

Thank you for the online classes twice.

In October, we talked about the person who we respect.

Ayaka told us about Akane Kurokawa, and Akihiro told us about Shozo Tanaka.

The episodes of both of you were amazing.

Because at first, I didn't know the person who both of you respect, however when I heard speech, I became very interested.

I was so happy to hear your experiences and thoughts.

I was also happy that you listened to my speech and commented on it. Thank you.

In December 17th, we had a debate about big city or country.

We were surprised because you gave opinions that were different from what we expected.

Your opinions were very helpful. Your data was great too.

I learned a lot thanks to them.

It was a very good experience.

In addition, Junior high school students in Tokyo take their high school entrance exams in February, right?

Thank you for preparing so much even though you are busy.

There will be times when you feel like giving up, but try your best. ♪

I will work harder than ever during winter vacation.

Let's do our best together! Be careful not to get sick!

I'm looking forward to the next online ☺ ♡

From Abe Yuzuki

Dear Tezuka, Shiomi, Teramoto.

Thank you for online talking with us.

Their speech was easy to understand and wonderful!!

You said, "There are a lot of school in the city side, so you can choose one of them."

I envy you, because country side is there are a few school, so we choices are limited.

Let me tell you about thoughts on Online classes.

I had a lot of anxiety about my first online class with Asuka junior high school.

But Asuka student was kind and interested.

So, I was able to relax.

Also, I have found that I'm online again not very good at improvising and making sentences.

I will continue to work hard on my English.

If I get chance, I would like to do online classes again!

Finally, Let's study hard for the exam each other!!

Dear kamikobayashi Yurari, ishii soma, ヨムラーズ

Thanks for interacting with us in so many ways.

I've only been online once with you guys, but it was a lot of fun and I learned a lot.

Your videos were made with partner awareness, showing pictures, and various other devices.

I thought it was amazing that you guys were able to do what I lacked. My first time online was nerve wracking.

But I'm glad we were able to show what we've been practicing on each other in the debates.

After the debate was over, we had a little talking, and it was a lot of fun.

Let's enjoy the rest of our junior high school life together!

Hope to see you again somewhere.

Dear Natsumi and Kotoha

Thank you for the debate the other day!

I was very nervous because Mr. Yagi said,

"Natsumi and Kotoha are good at English, so you should prepare a lot and please enjoy!"

When the debate started, I was surprised that your English pronunciation was very well.

Why can you rebut so quickly?

I guess you will make efforts a lot. I respect you very much.

I want to talk various things and talk directly again.

By the way, we will graduate in about 3 months left.

Recently, I really sad that we can't go to same high school with all classmate. I want to spend more time together.

That's why, I'm going to make the best memory!

Of course, I will study hard to pass the exam.

Please take care of your health and spend a good Christmas and new year!

Let's keep doing our best.

Thank you so much!
