

Flower

Flowers are beautiful.

Flowers gentle and wrap me up.
Also, the colors are vibrant and
unique.

Everything is beautiful from the
sweet aroma to the droplets of water
on your face.

I love and admire these flowers.
I want to be such a splendid flower
some day.

I still dream about such things.
I love you so much and you are so
close, but I feel like you are so far
away.

I want to try to surpass him someday.

The Sun

You always shine.

**You also made everyone comfortable.
Sometimes, you hid in the clouds.**

**However, after a while,
you appeared again with the rainbow.**

You always smile.

**You also made everyone positive.
Sometimes, you were in the troubles.**

**However, after a while,
you appeared again with more kindness.**

The place I want to be

3-B Okawa Natsumi

It is warm, bright and powerful
There are many smiles, love, but sometimes little tears
We made efforts and we challenged for our friends there

There is you
You have your world and I love the world
Without you, it is not the place I want to be
I want to be where you are

But time is coming
We will leave here

You can always come back
Because it is our home
Remember this place

My love is too difficult to solve.

I fell in love for the first time. There was a time I sat near her. Talking with her was really fun. One day, I realized something. I loved her for two years. We never sat close again. My friends said, "Go talk to her!!" But I didn't have the courage. I felt frustrated with myself.

I kept thinking about her. And when I finally made up my mind, she already liked someone else. When I heard his name, I was so surprised, Why him? Why him? I asked myself again and again. But there was no answer. So, I decided I didn't want to regret anymore. I would tell her my feeling. But in the end, she said no.

Some time later, I liked another girl. But she didn't seem interested in me.

Why doesn't God help me?

Still, I know I will fall in love again.

No matter how many times....
